The United Way of Wyoming Valley is partnering with the Pennsylvania Family Support Alliance to offer the "Front Porch Project ®," a free workshop designed to educate community members on how to protect children from abuse and neglect. The Front Porch Project ® teaches participants:

- How and when to safely respond when you are worried about a child in your neighborhood or in a public place.
- How we make decisions to help and what stops us from helping when we are concerned about a family.

The workshop is a mix of discussion, videos and activities to keep you interested and involved.
